On behalf of the Mexican Government, I am pleased to announce our country's firm intention to participate in the APEC Cross-Border Privacy Rules (CBPR) System, pursuant to Paragraph 2.2 of the "Charter of the APEC Cross-Border Privacy Rules System Joint Oversight Panel" (Charter), to continue developing e-commerce throughout the region and implementing privacy and consumer protection policies in online transactions.

I would also like to confirm that the Federal Institute for Access to Information and Data Protection, IFAI, is a participant in the Cross-Border Privacy Enforcement Arrangement. In addition, I confirm that Mexico expects to have at least one APEC-recognized Accountability Agent subject to the procedures outlined in paragraph 6.2 of the Charter of the APEC Cross-Border Privacy Rules System.

Please find the following information attached to this letter:

- A narrative description of the relevant domestic laws and regulations that may apply to any CBPR certification-related activities of an Accountability Agent operating within Mexico's jurisdiction and the enforcement authority associated with these laws and regulations (*Annex A*); and
- The Completed APEC CBPR System Program Requirements Enforcement Map (*Annex B*) describing Mexico's ability to take enforcement actions under applicable domestic laws and regulations that have the effect of protecting personal information consistent with the CBPR program requirements.
